

Whether you are currently studying or considering your options for the future or had to leave your studies due to hardship or personal circumstances, there are many options available to ensure you get the right education for you.

We can work with you to provide a personalised action plan and information to help you decide what course is best for you.

What about finance? In most cases, grants, loans and special funds can be applied for to ensure you have the opportunity to enter higher education. Whilst this process is not guaranteed and may only cover the basic course fees and books, this should provide you with some additional support when assessing your options. We can put you in touch with one of our core partners to help you with this process.

Once we receive further funding, we will be able to provide workshops and training courses to help develop life skills and educational modules. Until this time, we can make recommendations and referrals with our core education partners ensure you get all the help you need.
